# From Your President

*By MSgt Derek Jaeger*

2022 has come and gone in what seems to be a blink of an eye and here we are in 2023. As we are nearing the end of my final term as your SDNGEA President, I want to thank everyone for the excellent support and trust in me as I lead this great organization. There have been some bumps and struggles along the way, but I have learned so much and am confident in the future of this great Association.

As an Association, 2022 was another tough year for membership. We are down several hundred members again. I want to continue to see and am taking it upon myself to be more vocal and out in the crowd speaking with people about the greatness of the Enlisted Association. I want to see us reverse this downward trend that has been plaguing our Association for the past several years. I am willing to help wherever but cannot do it alone. I challenge every one of you, whether you are a part of the council or not, to help me spread the word about what the Enlisted Association does for the members of the National Guard and their families. There are so many great benefits for being part of SDNGEA and EANGUS. We all know about the scholarships, but there are also life insurance policies, corporate discounts, and employment assistance programs for being a member. Let's not forget the best part of being in the Enlisted Association, the great people and networking opportunities that our meetings and conferences offer!

This year will be our 64th Annual State Conference! It is being held at the Comfort Suites Wilbert Square Event Center in Brookings, SD on the 14th and 15th of April. The evening events are sure to be crowd pleasers with dueling pianos on Friday evening and an improv comedy duo on Saturday evening. We have some excellent speakers lined up for the opening sessions and will be discussing many things that will surely impact the Enlisted Association and South Dakota National Guard now and in the future. Be sure to go to [sdngea.com](http://sdngea.com) to register for the conference or speak with any of your Enlisted Association reps.

In closing, I want to thank each of you for the outstanding support and confidence as I have served as your Association President these past two years. While my time as President may be done, that doesn't mean I will no longer be active in the Enlisted Association. I will continue to be a strong supporter and voice for SDNGEA and EANGUS and support those who take the reins after me. I look forward to seeing each of you in April and if you ever have any questions or concerns you can contact me at [djaeger44@gmail.com](mailto:djaeger44@gmail.com).

MSgt Derek Jaeger  
 President- SDNGEA

## From Your 2nd Vice, SSG Tabitha Carr

This is a very important issue of the Echo. The last one before the state conference and I have a lot of By-Law change proposals. Attached to the ECHO are the current by-law changes that have my proposed changes, additions, and removals. These will be voted on during the state conference. This is my last year as your 2nd vice, but I am hoping that with these changes we can re-grow the South Dakota National Guard Enlisted Association and make our executive council a bit more effective.

I know Barb Boyer and her team has been working hard to make sure that we have a great conference in Brookings this year and I hope to see all of the "normal" attendees as well as a bunch of new faces. This organization really does want what's best for Soldiers, Airmen, families and even the employers that support you, but to do that we need your support. Make your voice heard. Also, if you or someone you know would be a great addition to the executive council, please reach out. We are always looking for active participants and new ideas.

Here is a quick synopsis of the pages to find the changes on:

I look forward to seeing you all in April!

## Proposed By-laws Change to Membership

*In addition to SSG Carr's By-Law change proposals above, the below was identified by MSgt Derek Jaegar*

**Situation:** At the EANGUS Conference in Little Rock, it was passed that there is a new digital membership option available for the states to use. This is the "New to the Guard" digital membership, which is offered free of charge as a 1 time use only option. Initially, there was little direction on how this would work so the council elected not to pursue it as a state. After sitting in on a national membership committee meeting, hearing how the program will work, and speaking with Past President John Harris, I believe that it is a beneficial option to add to our membership to better introduce new members to the Enlisted Association.

**Current By-law Paragraph:**

Article II Section 2 (Page 4) currently reads: Section 2: Membership in this Association shall be \$15.00 annually for E-1 through E-4, \$25.00 annually for E-5 & E-6, and \$40.00 annually for E-7 through E-9, which includes the national EANGUS (\$11.00) membership. Any National dues increase will be added to this structure as the situation at the time may dictate. The retired membership dues shall be \$5.00 per year for the Association dues plus the National Association dues in effect at that time.

**Proposed change:**

Article II Section 2 (Page 4): Membership in this Association shall be \$15.00 annually for E-1 through E-4, \$25.00 annually for E-5 & E-6, and \$40.00 annually for E-7 through E-9, which includes the national EANGUS (\$11.00) membership. A "New to the Guard" digital membership is free of charge with a one-time use only code. Any National dues increase will be added to this structure as the situation at the time may dictate. The retired membership dues shall be \$5.00 per year for the Association dues plus the National Association dues in effect at that time.

# SD National Guard Retirement Medal Policy Proposal

Subject: Policy to implement a Retirement Medal after honorably serving twenty years in the South Dakota National Guard.

1. Purpose: Provide the Adjutant General (TAG) and South Dakota legislature with a proposal to implement a stand-alone retirement medal/decoration for South Dakota National Guard (SDNG) personnel who retire from the SDNG and have completed a minimum of twenty years of honorable service.
2. Position: When a SONG member retires, they are eligible for an existing meritorious service award based on "his or her years of service, degree of responsibility, and manner of performance." Based on this criteria a Guardsman's level of award is heavily weighted on their degree of responsibility and highest rank achieved. The SDNG currently has no individual award that is based solely on twenty years of honorable service to this state and closes out a Guardsman's career at retirement.
3. Key Points
  - a. Guardsmen who retire after twenty years of honorable service are leaving their respective units without the proper recognition for faithful service that they deserve.
  - b. Existing policy regarding retirement awards is skewed towards awarding higher ranking individuals' decorations that most Guardsmen have a low probability of achieving.
  - c. Implementing this policy / program would simplify the criteria in awarding retirement awards. It would specifically highlight the closing out of twenty years of enduring service by officially recognizing and thanking SDNG retirees.
4. Discussion:
  - a. When Guardsmen retire today their level of award is determined based a "years of service, degree of responsibility, and manner of performance" and regulated by AR 600-8-22 Military Awards and applicable state National Guard Regulations. While in theory this allows Guardsmen of any rank to be eligible for awards at almost every level of precedence, other award criteria based on regulation and other factors make Guardsmen ineligible for higher precedence of awards such as Legion of Merit and Meritorious Service Medal.
  - b. There is no individual SDNG award where eligibility criteria is based solely on creditable years of service and retirement eligibility. There is also no SDNG award that visibly identifies and honors the end of a military career at retirement. To retire from the SDNG today, the normal length of creditable service to qualify is a minimum of twenty years.
  - c. There are thousands of past and future Guardsmen who could be eligible for this award if it was made retroactive for current retirees. In an environment of low recruiting goals being met, the implementation of this retirement award for past and future Guardsmen would show this states

## Do you know of an issue impacting your unit? You can make a difference!

*The conference is a good time to work through ideas and propose solutions to improve an issue impacting Enlisted personnel in the National Guard. You can also send your ideas to Courtney Totton at courtneytotton@yahoo.com for discussion by the resolution committee. If you have a complete plan and solution for an idea, send a resolution proposal to Courtney with the following information:*

- a. Title: (This will be the working title of the Resolution)
- b. Short Description: (A very brief description of the issue)
  - c. Proposal Type: (New or Resubmission)
- d. Submitter: The state or Area sponsoring the Resolution
- e. Business Case: (The story of why, justification, the vital information)
- f. Recommendation: (What you want to be done and how)

## SDNG Retirement Medal Policy Proposal Continued

commitment to honoring our Guardsmen and officially thanking them for their service. Initial criteria for being eligible for this award would be twenty years of credible service, honorable discharge, and availability for medically discharged Soldiers based on criteria developed by the SDNG Retirement Medal working group. Since the Army Service Ribbon and the Air and Space Training Ribbon is the first medal that signifies the start of their career, the SDNG Retirement Ribbon would signify the closure of a Soldiers career. By implementing a retirement award with strict but standard requirements it would simplify and create equilibrium among Guardsmen when bringing closure to their careers.

d. The policy proposal of the SDNG Retirement Ribbon would have to be approved by the TAG, South Dakota Legislature, and signed by the Governor before being implemented through the SDNG.

e. Arguments Against the Position. Opposition to this award policy would be that the current recognition through different awards for Guardsmen at retirement is fair and equitable already. Guardsmen do not care what award they get at retirement so spending time and resources on a new

award policy is a waste of time and money. The funding needed to retroactively award all existing retirees would never get approved by the South Dakota Legislature and signed by the Governor.

5. Rebuttals. SDNG leadership is receiving significant national attention regarding struggles in achieving recruitment numbers. The SDNG can mitigate some of that negative exposure by just as intently prioritizing and publicizing this new initiative in thanking and awarding our Guardsmen for their honorable service. The awarding of the SDNG Retirement Medal will be simplified in comparison to existing policy regarding retirement awards. The awarding of the SDNG Retirement Medal should be a dignified celebration that provides a hand off to the specific branch retirement programs signifying the nations continued remembrance to each Guardsmen devoted service.

6. Recommendation. Recommend to the South Dakota Enlisted Association to put a working group together who's mandate will be to find agreement on all necessary criteria to implement an SDNG Retirement Medal policy.

### Note from Shelley Reeder, Historian:

*I'm looking for the location of any of the historical data for the Association that you may have knowledge of. If you have any historical data or know where it is located, please contact me at shell\_reeder@yahoo.com. Also, if you have any fun items that you think should be included in the historical data, please don't hesitate to send it to me. These are your historical binders and I want to make sure everyone gets a voice in this.*

**PAST PRESIDENTS:** *I'm working on the Past Presidents' Book and would like your input for this. If you have a brief bio or can prepare one, please forward the same to me. Currently there are only obituaries from our Past Presidents and I think we can do better than that. I also have photos that were in some of the binders, but if you have a specific photo you'd like included, send it to me so I can ensure your page reflects you.*

*Lastly, I would like to begin a new binder of special projects that we have done as an Association. If you have articles, pictures or information, please get it to me.*
